

Bringing 4-H to the Classroom – An Introduction to School Standards

Content standards establish specific expectations for the assessment of cumulative learning by the end of first grade, fourth grade, eighth grade and twelfth grade. The standards listed for this curriculum serve as a base guide and are not absolute – you may find that you add or subtract specific standards as you seek to meet the needs of your unique educational setting. In addition, as the curriculum is adapted, standards for grade levels not listed here may be met. Visit the Nebraska Department of Education Web site to access current standard lists in each content area.

As this is a University of Nebraska–Lincoln Extension publication, the Nebraska State Educational Standards have been aligned to the materials found in this curriculum. Alignment of the Nebraska Standards is in compliance with national educational standards. If you are using this curriculum in another state, please refer to your local education department to reference your own individual state standards and see how they relate to the standards listed here.

Entrepreneurship Investigation (ESI) Unit II: The Case of Me Activities: Aligned with Nebraska State Education Content Standards

Nebraska State Education Content Standards are “statements focusing on academic knowledge, skills and understandings that schools should teach and students should know as a result of their schooling” (Nebraska L.E.A.R.N.S., 1999).

The content area “home base” for this curriculum is Entrepreneurship Education.

Career Cluster Area(s): Can be integrated into all Career Cluster Areas.

Is That My Conscience Talking?

National Entrepreneurship

B.01 - Demonstrate honesty and integrity.
